This invaluable medicine was prepared from an extensive prac-fice of several years in a bilious climate, and is never known to Lil of curing Fever and Ague, or any of the diseases above named. Those who are suffering from diseases of this kind, as also those who have become invalids from their effects upon the constitution. will find the India Cholagogue a most invaluable remedy for purifying the blood, and thoroughly cleansing from the system the mor-bid effects of a bilious climate;

The wonderful operation of the Cholagogue in eradicating bile from the human system, can only explain its extraordinary agency the various grades of intermittent and remittent fevers.

Mr. Edward Bingham. of Michi an. Detrait, Oct. 39, 1841. Dear Sir-With great pleasure I state the fact of the complete and radical cure of the Fever and Ague with which my son William was attacked, by the use, pursuant to-directions, of Dr. Osgood's India Cholagogue. He had as severe an attack as I ever witnessed, and I apprehended a long winter of this disease, which was some years ago the case when I resided at Tecumseh. But I was providentially led to notice your advertisement in relation to this medicine-determined to try it, and the use of one bottle broke the disease, and I am confident has effected a radical cure, as two month-have now clapsed without a return of it, and my son is in

that if the virtue and efficacy of this medicine were generally known. the Fener and Ague would disappear in Michigan. I procured a bottle in the spring of 1841, and have good reason t believe that myself and family escaped the egue last spring in con-

Perhaps no summer since the settlement of this fine peninsular has the fever and ague been so prevalent as the last. I have recommended this medicine in numerous instances, and when the disease had become fixed and buffled the skill of physicians; and I have never known it fail! It has universally produced the most happy effects, and I believe it has never been exceeded by any medicine in removing the bilious diseases of the climate. .

Yours respectfully, STEPHEN V. R. TROWBRIDGE. From Hon. E. PARSEWORTH, Chanteller of the State of Michigan.

Mr. Edward Bingham, Druggist, Detroit. Sir-I have made use of Dr. Osgood's India Cholagogue and have had opportunities of witnessing its salutary effects when used by others. I believe it a most valuable medicine for the cure of Jever and ague; and also that its proper use will prove a most certain preventive against its recurrence, to which persons who have been afflicted with it are liable. Very respectfully,

From Lucius Annort, M. D., late Surgeon United States Army. DETROIT, Oct. 1, 1841.

E. FARNSWORTH.

To Edward Bingham, Eng., Agent for the sale of the India Chelagegue-I do hereby certify that I have used the India Cholagogue has execcided my most sunguine expectations in the cure of said disease. I feel a confidence in recommending it as a perfectly safe and highly hem ficial remedy and cure for fever and ague, chill fo . I do further testify that the medicine has in this vicinity, and in others where it has been used, acquired a very high reputation, and that in every case where it has been used to my knowledge, it has

universally produced a speedy cure, and restored to the most perfeet health, when all other remedies have failed. LUCIUS ABBOTT. Respectfully yours, Price &1 50. From Dr. Baker, Springfield, Washington co. Ky. Messrs, Sanford & Park. Springfield, Ky. May 14, 1845 Gents-I take this opportunity of informing you of a most remarkable cure performed upon me by the use of 'Dr. Wistar's Balsam of Wild Cherry.".

In the year 1840 I was taken with an inflammation of the bowels which I labored under for six weeks when I gradually recovered. In the fall of 1831 I was attacked with a severe cold, which seated itself upon my lungs; and for the space of three years I was confined to my bed. I tried all kinds of medicines, and every variety of medical and without benefit; and thus I weared along until the winter of 1844, when I beard of "Wister's Balsom of Wild Cherry." My friends persuaded me to give it a trial, though I had given up all hopes of recovery and had prepared myself for the change of amother world. Through their solicitations I was induced to make use of the Genuine Wietar's Balean of Wild Cherry. The effect was truly astonishing. After five years of affliction, pain and suffering ; and after having spent four or five hundred dollars to no ILL find Silk for dresses, Gloves, Hesiery, and many articles purpose, and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry.

I am now enjoying good health, and such is my altered appea ange that I am no longer known when I meet my former acquaint-I have gained rapidly in weight, and my fesh is firm and solid.

I can now cat as much as any person, and my food seems to agree with me. I have caten more during the last six months than I had Considering my case almost a miracle, I deem it necessary for the good of the afflicted, and a duty I owe to the proprietors and my "llow men (who should know where relief may be had) to make this statement poblic.

May the blessings of God rest upon the proprietors of so value ble a medicine as Wistar's Balsam of Wild Cherry. The following letter from Doctor Ritchey, of Franklin, Ind., who stands high in his profes ion, and ranks among the first politicians of the State, shall speak for itself in commendation of the 'Genuine Wister's Balsam of Wild Cherry.'

Messrs. Sanford & Park-I have but a few bottles of Wistan's bal sam of wild cherry remaining on hand of the last lot furnished me by you. I heretofore waited until I had sold out and had obtained the money for one lot before I ordered another. But such is the demand for the article that I do not wish to be without it, and am therefore led to anticipate a little. The money for the last lot shall The amount of Faxes charged for the year 1845, on each one bandred dollars worth of taxable property, is, for State purposes, twenty one cents and seven mills; for County purposes, twenty cents; for Road purposes, ton cents; on each poll, for state purposes, thity cents, for County purposes, fifty cents.
